Scope Of Project

Booking & Payment Flow

Step 1 Home Page

Users are welcomed on the main home screen, where they can browse and search for available hotels, campsites, motels, resorts, and guest houses.

Step 2 Hotel Detail Page

After selecting a property, users are directed to the hotel detail page, where they can review detailed information, images, pricing, and available facilities.

Step 3 Date and Guest Selection

Users select their preferred check-in and check-out dates and specify the number of guests (adults and children) before proceeding to the booking summary.

Step 4 Login Verification

If the user is not logged in, a login popup is displayed, requiring the user to sign in or register before continuing the booking process.

Step 5 User Authentication

Users can log in or sign up using their preferred method, including phone number, email address, or social media accounts such as Facebook, Apple, or Google.

Step 6 Booking Summary

Users are presented with a summary of their booking, including selected property, dates, guest information, and total amount due.

Step 7 Payment Method Selection

Users choose a payment method through the integrated payment gateway, including credit/debit cards, mobile payments, or other supported options.

Step 8 Payment Confirmation

Upon successful payment, users receive a confirmation notification with booking details and a reference number.

Home Page

The homepage will have a banner, and below it, there will be selectable categories. Following that, features available through Koohu and a hotel ranking list will also be provided."
